## *Careers from Calf to Cup*

TODAY YOU ARE GOING TO EXPLORE CAREER OPPORTUNITIES ALL ALONG THE DAIRY SUPPLY CHAIN. PERHAPS SOME OF THEM WILL EVEN FIT YOUR INTERESTS!

1. Start by watching a virtual dairy farm field trip (your teacher will provide the link). While watching the video, brainstorm careers in each of the categories below.

<b>Steps from Calf to Cup</b>	<b>Careers</b>
Raising a Calf	
Milking Process	
Managing a Farm	
Processing Dairy Products	
Grocery Store to Consumer	

2. Once you have written down some of your ideas above, click the [LINK](#) to watch a video that will introduce you to some career options in the dairy community. While listening to the video add any careers you did not have listed.

3. Now it is time to further explore some careers in the dairy industry. Pick three different careers (from the table in the first question) and use the internet to search for further details. Fill out the table below with information regarding the tasks/responsibilities for each career, as well as the education needed.

Career	Task/Responsibility	Education/Experience

4. You have completed the lesson and are ready to turn the worksheet in to your teacher.

**Great job learning about more career opportunities!**
