

JOIN US FOR A Virtual Dairy Farm Tour

Your students will have a chance to chat on a live video with a dairy farmer as they give a tour of their farm. Research has shown when students learn where their food comes from it can improve health behaviors, school meal participation, and academic achievement. This field trip will focus on showing your students how math and science intersect on a farm.

What happens during a Virtual Dairy Farm Tour?

Presentation

A 15-20 minute presentation will be conducted by a Dairy West representative either virtually or in person. Presentation topics will be adapted based on the age of students to fit state objectives for learning.

Virtual farm tour

A 20-30 minute on-the-farm experience with a farmer. Students will also have a chance to ask live questions.

Additional resources

Based on the grade level and presentation focus Dairy West will send additional materials.

6 Easy Steps to Your Virtual Tour

1. Prepare
 - a. Technology: wi-fi, classroom computer with speaker and microphone, projector
 - b. We encourage multi-class involvement. Are there other classes that could join?
 - c. Have a few options ready of dates and times for the virtual tour
2. Sign up using this form: bit.ly/virtualfarmtour
3. Wait for confirmation of availability and further instruction
4. Test technology
5. Participate in tour
6. Complete post survey
